

# PRODUCT INFORMATION

## Curcumin Complex Plus

Promotes Healthy Immune and Cardiovascular Function\*

Anti-Inflammatory\*

Promotes Joint Health and Mobility\*

Curcumin Complex Plus is both new and improved. It has replaced Curcumin 30 Plus.

As before, Curcumin Complex Plus also includes Boswellia Serrata Extract (WokVel©) and Green Tea Extract (Decaffeinated). However, it now contains Black Pepper (fruit) Extract to enhance absorption.

Piperine, the major bioactive alkaloid of black pepper, also enhances the bioavailability of both Boswellia Serrata Extract and Green Tea Extract (Decaffeinated) by inhibiting their metabolism.

We formulated this product to be both more *effective* and more *affordable*.

60 Capsules
